**Subject:** PRESS RELEASE 11/6/15 - Traffic Control Change at Tecumseh Rd and 36th Ave NE

## **PRESS RELEASE**

**City of Norman**  
**201 West Gray**  
**Norman, Oklahoma 73069**

For Immediate Release: November 6, 2015

Contact: David Riesland, City Traffic Engineer, 329-0528, [david.riesland@normanok.gov](mailto:david.riesland@normanok.gov)

### **Traffic Control change at Tecumseh Road and 36<sup>th</sup> Avenue NE**

On Monday, November 9, 2015, the City Traffic Control Division will be upgrading the traffic control on Tecumseh Road at its intersection with 36<sup>th</sup> Avenue NE. Traffic Control Division personnel will convert the intersection to all-way STOP control. This decision was made following careful study of the traffic volumes and the collision history at the intersection. As part of the work, crews will be installing new STOP Ahead signs and STOP signs with all-way plaques on the two Tecumseh Road approaches to 36<sup>th</sup> Avenue NE. In addition, crews will be removing Cross Traffic Does Not Stop plaques from beneath the existing STOP signs on the two 36<sup>th</sup> Avenue NE approaches to Tecumseh Road and replacing them with all-way plaques. Flags will be added to all STOP signs drawing further attention to the change in control.

Any questions about the project can be directed to David Riesland, City Traffic Engineer, at 405-329-0528 or [david.riesland@normanok.gov](mailto:david.riesland@normanok.gov).
